I am subscriber to the XM Satellite Radio system, and I as do many others benefit from their large selection of programming including, their local traffic and weather reports. I feel that NAB should stop trying to bulley satellite radio, and concentrate on improving their own services. There's nothing wrong with competition. This is America the last time I looked with certain right and benefits, and freedoms guaranteed to us by all those brave men and women, whom have given their life (past and present) to provide us with freedom this great country enjoys. When Politician, and or Companies with an agenda start to take away our rights (such as listening to satellite radio, or any other form of media.) Then were are heading for Communism my friends. So I therefore respecfully urge the FCC to reject the NAB's petition 04-160. And allow us the people decide what we should listen to or not...
